

For all the strides we've made
for all of our blessings
we've fallen far away from truth
Turning our face away
from this hurting race
we turned our face away from you

For every broken heart
for every widow
for those without shelter from the
rain
we lift our eyes to you
looking for answers
when we have been called to ease the
pain

We want to be your hands, your feet
Without words we'll let our actions speak

Here we are
Words can only go so far
Draw us closer to your heart
Bring us back to you
